JULY 28-30, 2016
HOLIDAY INN WRIGHTSVILLE BEACH RESORT
WRIGHTSVILLE BEACH, NORTH CAROLINA

CO-SPONSORED BY: North Carolina Pest Management Association; South Carolina Pest Control Association; Virginia Pest Management Association
Masonboro Country Club is home to a PGA Tour caliber premium golf course located on the southern Cape Fear peninsula. Every inch of the course is immaculately manicured, from the Mini-Verde Bermuda greens to the 80 acres of turf to the bunkers filled with the same sugar white sand found at Augusta National. The berms, grassy shallows and unique natural elevation changes create drama and beauty throughout the 7,000 yard course. The five sets of tees on each hole allow players of every proficiency level to enjoy the challenge and playability.

FRIDAY, JULY 29
8:00 a.m. – 9:00 a.m.
Breakfast in Exhibit Hall

9:00 a.m. – 10:15 a.m.
Opening Session: The Science Behind How Bed Bugs Invade and Spread Throughout a Structure
Coby Schal, Ph.D., North Carolina State University, Raleigh, NC
Bed bugs are considered excellent “hitchhikers” and many theories abound about how bed bugs are brought into structures and how they spread once
We invite you to join us for the 2016 Carolinas/Mid-Atlantic Summer Conference in Wrightsville Beach, North Carolina. In addition to the quality educational sessions featuring the latest in technical research, we are excited to announce an array of social functions this year, including a Summer Conference Beach Bash and a BBQ by the pool!

HOLIDAY INN WRIGHTSVILLE BEACH RESORT
WRIGHTSVILLE BEACH, N.C.

Situated on Wrightsville Beach in North Carolina, the award-winning oceanfront Holiday Inn Wrightsville Beach boasts pristine beach, family fun, water sports, and relaxation. For reservations, call 877-330-5050 by July 6 and use the code “NPMA” to reserve your oceanfront room for $264 per night or your standard single/double occupancy room for $234. After July 6, rooms and rates are subject to availability.

they arrive. In this session, learn about new research on bed bug behaviors that influence spread, how it happens and how this knowledge can be used to develop more effective prevention and control strategies.

10:15 a.m. – 10:30 a.m.
Refreshment Break & Exhibits

10:30 a.m. – 11:30 a.m.
M “Need to Know” Safety Review for Pest Management Professionals
Richard Spencer, Arrow Exterminators, Inc., Atlanta, GA
Back in the 1980’s, President Reagan stated the nine words every American hates to hear, “I’m from the government and I’m here to help.” While this statement causes some to laugh, safety compliance is no laughing matter. This course is designed to provide pest management professionals with a review of safety compliance and items needed to provide a safe work environment and comply with safety regulations.

11:30 a.m. – 12:30 p.m.
T Cockroach Management in Sensitive Accounts
Coby Schal, Ph.D., North Carolina State University, Raleigh, NC
Cockroaches remain one of the most despised pests that pest management professionals are called on to control. In sensitive accounts like hospitals or food facilities, the level of concern regarding these pests is especially great. However, pest control approaches in sensitive accounts require higher levels of planning and professionalism than in traditional accounts. Join us for this must-see discussion of the best methods and science-based approaches to cockroach management in the 21st century.

1:00 p.m. – 5:00 p.m.
Summer Conference Beach Bash
Join us for the 3rd installment of the Summer Conference Beach Bash! Spend the afternoon with your fellow attendees enjoying tasty food, refreshing drinks, and fun games near the pool. Join your states’ volleyball team and compete to see who will be 2016’s tournament champion! We’ll have games and an arts & crafts table for the kids, so you can sit back, relax and enjoy the summer sun!

10:15 a.m. – 11:15 a.m.
T Zika Fever, Mosquitoes and the Pest Control Industry’s “Built-In” Pest Defense Network
Jim Fredericks, Ph.D., National Pest Management Association, Fairfax, VA

The structural pest management industry plays a unique role in the management and control of the mosquitoes that transmit Zika Fever. The yellow fever mosquito and Asian tiger mosquito have unique behaviors and life cycles that are closely associated with humans and their structures. In this session, learn about the latest facts regarding Zika and how pest management professionals can help to control the mosquitoes that transmit the virus.

11:15 a.m. – 12:15 p.m.
T Invasive Ants in the Carolinas
Pat Zungoli, Ph.D., Clemson University, Clemson, SC

Invasive ants share several traits that make them ideally suited to living alongside humans and to thriving in new environments. Effective management strategies for invasive ants rely on education and early detection to minimize their spread and ecological damage. This presentation delivers the latest research on invasive ants affecting the Carolinas to prepare you for these unwanted invaders.

12:30 p.m. – 2:00 p.m.
Beach BBQ Lunch
There’s no better way to close out another successful Summer Conference then with a good ole fashioned pig-pickin’ BBQ! Come join your industry peers and chow down on some delicious North Carolina BBQ before hitting the road back home.
